

Together Experiences

PJ Our Way Around the House Scavenger Hunt:

The goal of the scavenger hunt is to collect as many objects as possible on the list and bring them back to the group within an eleven-minute timespan. Once the game is over, everyone should grab lunch or a snack and gather together in their virtual space. Participants can then choose one object they found that has meaning for them and share it with others.

Rules of the game for the host family/host tween:

- Invite your friends. You need at least two, but no more than 5 other Jewish families to qualify.
- As the organizer, set up your virtual platform (Zoom, Skype, Google Hangouts, etc.) and share the link with your friends.
- Don't share the Scavenger Hunt list (below) until it's time to play. You can put it in the chat or email to your friends.
- Tell everyone that they have eleven minutes to run and find the items and bring them back to the screen.
- Once you are ready, share the list and set the timer!
- Every item found means a point for that team. A team can exist of one or more people.
- The winning team is the one with the most points.
- Celebrate with something delicious!
- Build in time for schmoozing while eating. Invite each participant to pick one thing to share in more detail with the group.

Rules of the game for the host family/host tween:

1. A toy from childhood
2. A favorite PJ Library or PJ Our Way book
3. Something that connects you to a Jewish memory
4. A food you love
5. A present you got
6. A smell you like
7. A family photo (if it is on your phone, that counts)
8. Something that you collect
9. Something made with your very own hands
10. An animal (real, stuffed, or illustrated)
11. A favorite piece of clothing
